Access code: 166248

In recent years, Uzbekistan has been carrying out large-scale reforms aimed at liberalizing the economy, deepening the country's integration into the world economy, developing relations with foreign countries. Uzbekistan is interested in developing trade, investment, and financial cooperation, advanced technology transfer, and collaboration in the fields of science, education, and preservation of the environment, health, and culture with the countries of the European Union. The newly expanded partnership and cooperation agreement between the European Union and Uzbekistan provides a solid foundation for deepening cooperation in various areas.

The purpose of holding this conference is to develop scientific and practical suggestions and recommendations to strengthen cooperation with the countries of the European Union.

The conference will be held in the following areas:

Session 1. The trends and prospects for the development of trade and economic cooperation between Uzbekistan and the countries of the European Union.

Session 2. The directions of development of investment and financial cooperation between Uzbekistan and the countries of the European Union.

Session 3. The opportunities for the application of the EU countries' experience in the development of science and technology as well as innovation in Uzbekistan.

Session 4. Prospects for cooperation of Uzbekistan and the countries of the European Union for sustainable development. Efforts of the countries to mitigate the consequences of global warming and climate change.
